WORK EXPERIENCE

TK MAXX

Sales Assistant | Oct, 2016 – Current

In this role I had to provide customer service, maintain areas around the store as well as working in the processing room and re-stocking shelves. I was organized and always prioritized certain work to complete what was asked of me in a timely, efficient manner.

PEACOCKS

Sales Assistant | Jun, 2016 – Sep, 2016

In this role I had to provide customer service, maintain areas around the store as well as making sure items were being tagged before being put out on the store.

COLLEGE OF ST. JOHN THE BAPTIST

IT Support Assistant | Jan, 2016 – Jun, 2016

I worked here as part of my work experience for my Degree. I had various tasks which involved Photoshopping for Art GCSE Students, stock inventory of all equipment as well as fixing printers around the school. I made a program using C# that was used to help students that weren't fluent in English.

EDUCATION

THE COMPLETE WEB DEVELOPER: ZERO TO MASTERY

Udemy | Jan, 2019

I took this course to build on the previous course on web development. This course introduced more tools that included, semanticUI, Flexbox, ES6-ES10, Asynchronous JS, Json. This also introduced React + Redux to me. This had various Code-Alongs and separate projects that I made on my own.

THE WEB DEVELOPER BOOTCAMP

Udemy | Nov, 2017

I took this course to enhance my knowledge on web development languages. I learned a lot about various languages including – HTML, CSS, JS, NodeJS, MongoDB. There were various Code-Alongs and also projects on my own.

SOUTHERN REGIONAL COLLEGE

Foundation Degree in Computer Science, Distinction | 2014 – 2016

I took this degree after completing my BTEC Level 3 in Computer Science.
