

Rafael Gomes

Junior Web Developer

👤 Profile

I have been a graduate student and an avid self-learner for the past two years. I am motivated, dedicated and place value in the details. I possess an endless passion for the field and always want to further my skills and abilities.

📁 Employment History

Sales Assistant at TK Maxx, Coleraine

October 2016 — Present

In this role i had to provide customer service, maintain areas around the store, make sure every item was in the right place and also work in the processing room and re-stock shelves. I was organized and prioritized work to complete assignments in a timely, efficient manner.

Sales Assistant at Peacocks, Portadown

June 2016 — September 2016

I was asked to provide customer service, check fitting rooms, tag all items when needed and make sure the shopping floor was kept clean and organized.

IT Support at Drumcree College, Portadown

January 2016 — June 2016

I worked here for my degree work experience. I was asked to do photoshopping, stock of all equipment, fixing printeres and also made a program using c# to help students that knew brief English.

🎓 Education

Foundation Degree in Computer Science, Ulster University, Portadown

September 2014 — June 2016

I took a Foundation Degree at Southern Regional College in which i achieved a first overall.
